### CREMATION PLOTS

I wish to apply to the Board to purchase the dedication of a Cremation Plot in the Gardens of Remembrance for the interment of the cremated remains of the late:

---

#### The dedication of a cremation plot is subject to the following conditions:

1. One or more cremated remains up to a maximum of four per plot can be interred. All remains are interred in a metal urn, provided by the crematorium, into the ground. Each plot measures 18" x 18" maximum and is dedicated for a initial period of ten years.
2. At the end of the 10 year period the Board will send a reminder letter to the address given below and you are requested to notify the Registrar of any future change of name or address.
3. The dedication fee includes the supply, by the Board, of a granite memorial plaque, with a vase holder and an inscription of your choice.
4. As a flower vase is provided in the plaque the Board request that you do not place flowers, pots or plants on or around the plot as this prevents the staff from keeping the area tidy. Any additional tributes placed in this area will be removed, by the staff, and placed in the Cloister Walk.
5. The Board reserve the right to alter the layout and design of the plots and gardens as they deem necessary.
6. The dedication of the plot may be renewed at the end of each period, subject to the Regulations then in force. If the dedication is not renewed the memorial plaque will be removed and unless it is collected from the office, within three months of the expiry date, it will be disposed of as the Board see fit. The dedication of any plot not renewed may then be re-sold at the Board's discretion.

**I confirm that I have read and understand the conditions as set out above and now wish to purchase the dedication of a cremation plot.**
